LLWG Management Plan
Last Update: July 31, 2026

Entity: Large Load Working Group (LLWG)
Reports to: Advisory Committee (AC)

Officers:
Chris Plante, Chair
Werner Roth, Vice Chair
Marc Keyser, MISO Liaison
Amanda Jones and Eileen King, Stakeholder Relations

Rationale for Existence:

The objective of the Large Load Working Group (LLWG) is to provide input and policy guidance to MISO Management and the Steering Committee on processes and policies pertaining to markets, reliable operations, planning, and resource adequacy that facilitate integration and enablement of large loads in the MISO footprint.

The LLWG will coordinate its efforts with other MISO stakeholder groups, including all entities reporting to the Advisory Committee and any other related stakeholder forums that are organized during the term of this Working Group.

How many meetings were held in 2025? N/A

What was the average number of total participants in 2025? N/A

Recurring Tasks	Annual Administrative Tasks	Status Reports from Subordinate Entities
