Level 100 – NITS Training Guide:
Scheduling Rights List
NITS Application Detail
**Navigation Guide**

**IMPORTANT:** The notes provide additional information and detail. Look for this symbol in the upper left hand corner to view the notes for each slide (if any). If there isn’t a symbol, there are no additional notes. Hover over the symbol, and the notes will appear. Right Click on the icon and select “Open all Pop Ups” to open all the notes in the presentation. You can make the notes section larger or move it by clicking and dragging your cursor.

**The Table of Contents is interactive.**
Click on any blue highlighted link to go directly to that section. Use the Home button (described below) to return to the Table of Contents.

Click the “Home” button to be taken back to the Table of Contents from anywhere in the presentation. You’ll find this symbol at the bottom of the page in the center.
Table of Contents

Clicking on a link will take you directly to that section.

Disclaimer:
The following materials are intended for use as informational materials only and are not intended to convey, support, prescribe or limit any market participant activities. These materials do not act as a governing document over any market rules or business practices manual. Any data used in a scenario is test data in a test environment, and should not be used to support market analysis.

This material is based on current system and process designs, and Business Practices Manuals in effect and are subject to change based on stakeholder input.
View Scheduling Rights

- To view a summary of Scheduling Rights select “Scheduling Rights List” from the Transactions Tab->NITS menu.

- Select Server Filter Options to query.
Scheduling Rights – Server Filter Options

- Specify your Customer Code
- It is recommended you use Time settings of Active and Today Forward

- Once Applied, options will remain for future query.
Scheduling Rights Display

- Displays all SRs for each resource.
- Does not display net value
- Using in column filtering can further filter your request. (Update setting in MISC->Display Preferences)
