WVPA - Joan Soller	0	1	0	
CMPAS - Warren Hess	0	1	0	
GRE - Walter Ulrich	0	1	0	
DLP - Tzu-Yuan Su	0	1	0	Dairyland supports MISO's decision to close the item and not to pursue whether to continue to classify Operating Guides as confidential. Dairyland believes that the Operating Guides should remain confidential and that the benefit to making the guides public is likely to be limited due to the redactions that would be necessary.
PPI - Karl Kohlrus	0	1	0	
OTP - Thomas Hrdlicka	0	1	0	
Xcel - Eric Barry	0	1	0	With the exception of reconfiguration requests(which can be shared), Operating guides are used for reliability issues and should not be publicly shared as they may contain sensitive information.
Duke - Don Workman	0	1	0	
ITC Michael Moltane	0	1	0	
AES - Shelby Leisz	0	1	0	
MO EC - Terry Jarrett	1	0	0	
DC Energy - Mark Price	1	0	0	MISO's operating guides contain information such as approved topology reconfigurations that are important for transparency in other markets such as FTRs.
NIPSCO - Jeff Kelley	0	1	0	
Cooperative Energy - Jason Goar	0	1	0	Due to CEII information, operational guides should remain confidential.
Cleco - Trey Mayeux	0	1	0	
Allete - Scott Hoberg	0	1	0	
Hoosier Energy - Brian Hayes	0	1	0	
Big Rivers - Chris Bradley	0	1	0	
Centerpoint - Kimberly Dunning	0	1	0	
SIPC - Jeff Wernert	0	1	0
