Docket No.	Matter	Initial Date	Proceedings
D.C. Cir Docket No. ER20-1453	Appeal to DC circuit re FERC decisions on self funding	11/13/2020	11/13/20 – AWEA filed a Petition for Review of FERC orders reinstating the Transmission Owners’ unilateral right to fund interconnect-related Network Upgrades. 12/16/21 – Oral Argument held. 12/2/22 – D.C. Circuit issued opinion. Remanded back to FERC, without vacating the underlying FERC orders. 1/17/23 - MISO and MISO Transmission Owners requested rehearing from D.C. Circuit. 1/27/23 – D.C. Circuit Court denied rehearing. Commission action on remand is pending.
ER21-2793	Multi-Party Facility Services Agreement	8/31/2021	MISO submitted a 205 filing to create a Multi-Party Facility Services Agreement (“MPFSA”). This is intended to increase efficiency and does not make material changes to self-funding. For example, this would allow a TO enter into a single MPFSA with multiple ICs regarding a Common Use Upgrade as opposed to current practice which is multiple FSAs, one with each IC. MISO requested an effective date of October 31, 2021, but updated the effective date in the deficiency notice to be upon FERC acceptance. 9/21/21 – Comments and Protests were filed. 10/06/21 – Answers to Protests were filed. 10/15/21 – FERC issued deficiency notice. 11/04/21 – MISO submitted a response to deficiency notice. Commission action is pending.
