

# SECTOR GUIDELINES FOR MEMBERSHIP AND PARTICIPATION

## Affiliate Sector

### Business Model/Who We Are

The Affiliate Sector membership is made up of a variety of organizations that value resilient, reliable, fuel secure, diverse, and affordable electricity supplies to the MISO market or are entities that either do not elect to participate in another stakeholder sector or do not otherwise meet the criteria to participate in another stakeholder sector.

---

### Criteria for Membership

Prospective entities who wish to become members of the Affiliate Sector are either aligned with organizations that value resilient, reliable, fuel secure, diverse and affordable electricity supplies to the MISO market are welcome in the Affiliate Sector. The Affiliate Sector will accept all applying members or affiliated entities that do not elect to participate in a different sector or do not otherwise meet a different sector's respective guidelines.

---
