

SECTOR GUIDELINES FOR MEMBERSHIP AND PARTICIPATION

Coordinating Member Sector

Business Model/Who We Are

The Coordinating Owners Sector is comprised of Manitoba Hydro, a Canadian Crown Corporation governed by The Manitoba Hydro Act. Manitoba Hydro is a vertically integrated electric utility that provides generation, transmission and distribution of electricity to Manitoba customers in addition to natural gas service via its subsidiary, Centra Gas Manitoba Inc.

Criteria for Membership

As set out in the Transmission Owners Agreement, a Coordination Owner is an organization which, being legally unable to transfer operational control of its transmission facilities to MISO, has entered into coordination or agency agreements with MISO.

Additional Information

No additional information provided.
