# Level 100 – NITS Training Guide: Tagging a Network Scheduling Right

Navigation Guide

IMPORTANT: The notes provide additional information and detail. Look for this symbol in the upper left hand corner to view the notes for each slide (if any). If there isn't a symbol, there are no additional notes. Hover over the symbol, and the notes will appear. Right Click on the icon and select "Open all Pop Ups" to open all the notes in the presentation. You can make the notes section larger or move it by clicking and dragging your cursor.

The Table of Contents is interactive. Click on any blue highlighted link to go directly to that section. Use the Home button (described below) to return to the Table of Contents.

Tag Submission

- There are a few areas on a tag submission that are unique for a Network Scheduling Right. The Product, OASIS, and NITS Resource Fields require specific attributes that are shown on the next slide.

- On Slide #4, the Asset Owner needs to be added to a specific "Misc Info" field in the Physical Path.

- These changes do not affect how GFAs or SPOT IN are currently tagged; these changes are for Firm Network tagging only.
