

Complete Proposals

MISO has concluded the Proposal validation and completeness review process¹ for Proposals submitted in response to the RFP issued for the Wisconsin Southeast (WISE) 345 kV Competitive Transmission Project. Four (4) Proposals were deemed complete, reflecting submissions from the RFP Respondents listed below.

Complete Proposals by RFP Respondent	
RFP Respondent(s) <i>(Sorted Alphabetically)</i>	Proposal Participant(s)
American Transmission Company, LLC Dairyland Power Cooperative <i>(Joint Proposal)</i>	WPPI Energy
Longview Infrastructure Midwest, LLC	Great River Energy
LS Power Grid Wisconsin, Inc.	N/A
Viridon Midcontinent LLC	N/A

MISO will evaluate each of the submitted Proposals and announce the selected Proposal and Selected Developer to finance, construct, own, operate, and maintain the WISE Competitive Transmission Project no later than January 9, 2026. The WISE project is expected to be in service in 2033.
